

FORMI® NDF

A new member of the FORMI family: FORMI NDF - The quality enhancer

Hygiene and efficiency for the birds as well as optimal safety towards producing poultry meat are key requirements for modern poultry production.

New preservatives for poultry feed are needed to achieve those requirements. FORMI NDF fulfils these requests:

- Preservation of feed
- strong anti-microbial effects (Campylobacter, Salmonella)
- optimized feed efficiency
- safe and easy handling
- excellent miscibility

FORMI NDF is used at 3 - 6 kg/t feed

• Improved feed hygiene

• Usable for home-mixers

• Anti-microbial effects

• Optimized feed efficiency

FORMI® is a registered trademark of BASF SE
